EDUCATION

Government College of Engineering and Technology Jammu

B.E in Computer Science Engineering | *CGPA : 8.5*   *2020-2024*

Shiksha Niketan Higher Secondary School Jammu

Higher Secondary Education | *CGPA :9.0*   *2018-2020*

ACHIEVEMENT

G Google | Secured global rank 696 in google kickStart (round F)

Leetcode *amanmeenia0001*

- Contest Rating*:* 2063(Top 2.37%)
- Solved more than 1600 problems
- Secured global rank 250 in Biweekly Contest 128

CodeChef *aman_meenia*

- 3 star | Maximum Rating:1606

TECHNICAL SKILLS

- Programming Languages   C++, JavaScript, TypeScript, C, Java
- Web Technologies   ReactJS, NextJS, ExpressJS, NodeJS, Redux, MongoDB, Prisma, Postgres
- Tools and Concepts   DSA, OOPS, WebSocket, Redis, Kafka, Git, Docker, AWS, Nginx

PROJECTS

LogicLab Github | Website
- Developed a full-stack platform for solving DSA problems using **Typescript**, **NextJS**, **MongoDB**, **Redis**, and **Judge0** for real-time code execution.
- Integrated user authentication with **Next-Auth** and containerized the application using **Docker** for easy deployment.
- Deployed on **AWS** with **Nginx** as a reverse proxy to improve performance and security.

Bookify Github | Website
- Developed a full-stack online bookstore using **ReactJS**, **NodeJS/Express**, **MongoDB** and **JWT** authentication for secure user access.
- Integrated **ContextAPI** for state management and **Razorpay** for payment processing.

ChatSphere Github | Website
- Developed a full-stack, real-time chat application using **NextJS**, **PostgreSQL**, **NextAuth**, and **Prisma.**
- Implemented **WebSocket** for instant messaging, integrated **Redis** Pub/Sub for scalability.

EXPERIENCE

Software Engineer Intern - AviSoft   *Feb 2024 - July 2024*
- Worked on migrating a client website from AngularJS to Next.js, enhancing performance and SEO.
- Utilized DaisyUI library for efficient and responsive UI component design and styling.
- Optimized application performance by implementing server-side rendering with Next.js.
